Untitled (Postal Object)

stamps, ruler

1⅜ h × 12½ w in (3 × 32 cm)

Peter Liversidge began sending objects by mail when he was a small boy, starting with a piece of toast, and has continued throughout his professional career. His postal objects gain significance through their representation of the artist's connection to the recipient, the collaboration of the carriers who transport those objects and the overall journey that object takes to its final destination.

Estimate: \$500–700
